### REED AND CRISP.

CONGRESS STARTS YESTERDAY WITH CZAR REED ON DECK.

Crisp Again Honored—Lists of Caucus Nominees—The Negro Candidates for Chaplain All Turned Down.

WASHINGTON, Dec. 2.—Congress reassembled to-day and the House organized by electing the Republican caucus nominees. The President's message was read in both Houses.

#### THE REPUBLICAN CAUCUS.

WASHINGTON, Nov. 30.—The Republicans of the house of representatives met in caucus to-night and unanimously elected ex-Speaker Thomas B. Reed, of Maine, for speaker of the Fifty-fourth congress. This action was anticipated, as at no time had any effort been inaugurated to contest his election. Hon. Galusha Grow, who was speaker of the house in 1859, nominated Mr. Reed in the caucus. He simply presented Mr. Reed's name and the nomination was made by a rising vote and amidst cheers. Mr. Grow, Mr. Cannon and Mr. Payne escorted Mr. Reed to the hall, and when the cheering which greeted his appearance had subsided, he made a brief speech of acceptance.

Mr. Gresham's nomination of the caucus had been organized by electing Mr. Grosvenor of Ohio chairman of the caucus, by a vote of 158 to 74 for Mr. Henderson of Iowa. Mr. Ellis of Oregon, was elected secretary by a vote of 139 to 77 for Mr. Hooker of New York. The officers will serve during the session.

Mr. Grosvenor's election was a victory for what was known as the McDowell combination on house officers and foreshadowed the success of the "combine" ticket. The slate, with the exception of Mr. Gresham, Mr. Fisher of Kansas was slated for the chaplaincy, being defeated by Mr. Condon, of Michigan.

In order the following officers were then selected by the caucus, the vote for each being about the same as that given to Mr. Grosvenor:

Clerk, Alexander McDowell, of Pennsylvania;  
Sergeant-at-Arms, Benj. F. Russell, of Missouri.

Doorkeeper, William J. Glenn, of New York;  
Postmaster, Joseph C. McElroy, of Ohio;  
Chaplain, Rev. Henry M. Condon, of Michigan.

#### Crisp and Culberson.

WASHINGTON, Nov. 30.—Thirty minutes sufficed to complete the work of the Democratic caucus. The roll call disclosed the presence of seventy-five members.

Mr. Cuiberton, of Texas, who has held his seat since the Forty-fourth congress, was chosen chairman of the Democratic caucus for the Fifty-fourth congress to succeed Mr. Holton of Indiana.

Mr. Richardson's speech nominating Crisp for Speaker was warmly applauded and Mr. Crisp was unanimously elected.

Mr. Culberson then placed in nomination the following gentlemen:

Clerk, James Kerr, of Pennsylvania;  
Doorkeeper, A. B. Holt, of Mississippi;  
Sergeant-at-Arms, Herman W. New, of Illinois; postmaster, John T. Ross, of Maryland; chaplain, Edward B. Bond, of Virginia, and he also were unanimously elected, whereupon the caucus adjourned. After the adjournment of the house on Monday the Democrats will again caucus and select the minor offices to which they are entitled as minority representatives.

#### Five Hundred Soldier Boys Will Assist.

FRANKFORT, Ky., Nov. 29.—It was decided to-day that all the companies of the First and Second Regiments, Kentucky State Guard, including the Louisville Legion, would be represented.

Whereas, The speciation consequent upon the outflow of silver in the interest of the creditor, by constantly increasing the value of gold and is undermining all industrial society, therefore,

Resolved, That we demand the immediate cessation of free and unlimited coinage of gold and silver at the present ratio of 16 to 1, without waiting for the aid or consent of any other nation, such gold and silver coin as to a full legal tender of all debts, public and private.

Child Burned to Death.

CADIZ, Nov. 29.—A child of Mr. Kirk Noels, living near here, was burned to death last night. His little brother was in the room with it and his mother did not know anything was the matter with the child until he went out doors and told his mother that he had burned his little brother.

Miss Maggie Davis, the daughter of Mrs. Mary J. Davis, living about three miles southwest of this place, died last night with inflammation of the stomach and bowels, about 27 years old. She had been confined to her bed for several weeks.

### THAT SENATORIAL PLUM.

The Latest Story Shows How It Might Fall to James D. Black.

HOPKINSVILLE, Ky., Nov. 29.—His constituents here are gossiping about a report to the effect that Representative-elect W. R. Black, of this place, may play a more important part in the naming of a successor to Jo. C. S. Blackburn next January than he has been expected to play.

Black is a Republican, and his uncle, James D. Black, also of this place, was one of the Kentucky Board of Trade's Fall Convention, and appointed by Gov. Brown. The Hon. James D. Black is a prominent Democrat, and many times before the State Democratic Convention last summer he was mentioned as a candidate for Governor as a compromise between the Republicans and the Democrats.

The report here gives for what it is worth that Representative-elect Black proposes, if he finds such a thing possible, on account of the nearly evenly divided forces in the House and Senate, to index the names of the two candidates and not without Republican support elect one of them on party, to support the Hon. James D. Black, and will show his good faith in the matter by voting for his uncle at the same time, thereby naming the next United States Senator from Kentucky.

#### REED IS ANOTHER RUMOR.

Hon. J. C. S. Blackburn, who was elected from Webster county, was nominated by the Republicans as the nominee of the Republicans, but Judge Thos. Nunn, of Hopkins county, who was here yesterday, says Mr. Nunn pledged himself, in his speeches and otherwise, to vote for Hon. J. C. S. Blackburn for United States Senator.

Mr. Nunn's opponent had already declared for McCrory, and when Mr. Nunn announced that he would vote for Blackburn, a number of Democrats rallied to his support and elected him. This action has foreshadowed the success of the "combine" ticket. The slate, with the exception of Mr. Nunn, Mr. Fisher of Kansas was slated for the chaplaincy, being defeated by Mr. Condon, of Michigan.

In order the following officers were then selected by the caucus, the vote for each being about the same as that given to Mr. Grosvenor:

Clerk, Alexander McDowell, of Pennsylvania;

Sergeant-at-Arms, Benj. F. Russell, of Missouri.

Doorkeeper, William J. Glenn, of New York;

Postmaster, Joseph C. McElroy, of Ohio;

Chaplain, Rev. Henry M. Condon, of Michigan.

#### Victory for Silver.

OMAHA, Neb., Nov. 27, 27.—After a five-hour discussion of financial issues the Trans-Mississippi Commercial Congress declared for the free and unlimited coinage of silver, 16 to 1 basis, and adjourned at 1 p. m. The vote was for gold, 127 for silver. Hon. W. B. Bryan led the friends of the white metal, and Hon. L. Webster, of Omaha, led the opposition.

The debate was spirited and was participated in by most of the delegations. This resolution was finally adopted.

"Whereas, An appreciating money standard impairs all contracts, bankrupt enterprises, makes idle money profitable by increasing the purchasing power and suspends the productive forces of our people, and

#### Concluded His Lease.

Geo. D. Hodges, lessee of the Hotel Latham, since last January, had his personal property attached yesterday for various debts, and the hotel directors canceled his lease and took charge of the hotel. Hodges was later given up by his bondsmen on an indictment for selling liquor unlawfully. He was given \$1,000 reward and was released. It is understood that he is heavily involved. The Directors will run the hotel until another lessee is secured.

#### COUNCILMAN WARE.

"Whereas, The speciation consequent upon the outflow of silver in the interest of the creditor, by constantly increasing the value of gold and is undermining all industrial society, therefore,

Resolved, That we demand the immediate cessation of free and unlimited coinage of gold and silver at the present ratio of 16 to 1, without waiting for the aid or consent of any other nation, such gold and silver coin as to a full legal tender of all debts, public and private."

### CREAM OF NEWS.

IF IT IS NEW AND TRUE THIS COLUMN HAS IT.

Cutting Near Crofton—The Kelly Fire—North Dakota Editors—Double Lynching—A Workman's Fall—Soldier's for the Insurance—

Killed by the Cars—

Mr. Wiley Lander, a gentleman well known in this city, and a brother of Mr. W. H. Lander, who died this century 30 years ago, was run over by a Louisville Southern switch engine last Thursday near Harrodsburg, Ky., and both legs were cut off above the knee, causing death in less than an hour. Deceased was a farmer, 70 years old, the father of nineteen children, and a member of the Kelly family.

The report here gives for what it is worth that Representative-elect Black proposes, if he finds such a thing possible, on account of the nearly evenly divided forces in the House and Senate, to index the names of the two candidates and not without Republican support elect one of them on party, to support the Hon. Populist Poor of Pendleton county, in a letter to Hon. Wynn G. Dixon, of Henderson, says he has never decided as to whom he would vote for in the United States Senator. He said that he most probably will not lead his vote and influence to any man or party that is not in touch with populist doctrines.

J. A. Bailey, sole owner of the "Adam Forepaugh show," has just arranged with Messrs. Ephraim, Lewis and Peter Sells by which the show owned by the latter and known as "Sells Brothers' enormous Railroad show," is consolidated with the Forepaugh show, thus making the new show one of the largest and most powerful in the country. It is estimated that the affected will have a great influence upon every show in the country, except Barnum & Bailey's "Greatest Show on earth," owned solely by J. A. Bailey, and the Buffalo Bill Wild West show, in which Mr. Bailey has a joint interest. Under the new arrangement all the cages, cars, horses and all manner of material and paraphernalia of the Forepaugh show will now be added to the already big show of the Sells Brothers.

Railway Mail Service.

GRACEY, Ky., Dec. 2.

ED. KENTUCKIAN:

There is to be introduced in the approaching session of congress a bill providing for a re-classification of the Railway Mail Service with increase of pay and provision for a pension list and retired list with some considerations to be extended to clerks. The object of this bill is to attract to the service the best intellectual talent that the country affords. It is needed to discharge efficiently the duties of the postal clerk, which are a severe strain bodily and mentally upon the men engaged. Under the present organization, men are dropped from the ranks when disabled either by disease contracted in the discharge of duty, or through age. In case of death from such, there is no provision made for those dependent upon the deceased. This is not followed out by any except the government, and by them only with regard to this, the most important branch of the government. The government is by the people and for the people. The men best suited to the discharge of delicate duties, to be placed in office, and when we consider that a single error made by a clerk may damage immensely the business interests of an entire community and even precipitate a panic, then the importance of having the best men is seen. Suppose among the thousands of let ters daily sent on large lines a check missives to Richmond, a package of bank letters for Richmond, Ind., gathered up from local offices some of them far removed from any telegraph station, and in cases which occur every day when the poor farmer after being put off for weeks, has received payment finally in time—provided all works out well, he gets his check to Richmond, Ind., to meet a man, which otherwise will at once go to present and ruin his credit. What is true of farmers is true to all classes.

I would also appeal to the young folks. Many an engagement has been broken by the receipt of a letter just a little too late. Many a life has been ruined and many a moral wreck made by the thoughtlessness to be avoided in just manner. By giving to the R. M. S. such advantages as will attract to its ranks active men, both in mind and body, hearty, vigorous and keen, with a ruthless disregard of the inefficient, or reduction to their proper level, when the duties come measure with their abilities.

The business community is always the first to suffer when all goes wrong. Here it is to their interest to see to it that indifferences are offered the proper class of people. Of the class attracted under existing circumstances, judge ye. What thinking man will peril his life with certainty of being dropped when aged or disabled.

True our service contains very good men, but not all they are half-educated. For much is expected of them and the business community has at stake interests far too large to allow these to be overworked and thus prematurely driven out because rendered inefficient by excessive duties. Often a man is retained in office after he cannot give the people the benefits provided for them by the Postoffice Department. The character of the world to the nation should be to make the force to be employed, and no run is so unimportant as to be made the fat birth of some inefficient political henchman, but demands an efficient, experienced clerk, trained on some large line on which he rises from the position of "helper" to clerks of greater experience, and makes his eyes and his hands a competent trainer. At present instead of the large lines training for the less heavy local lines the reverse is the case, and the tyro is put into a car to "play the devil" with mail until so familiar with the distribution as to be efficient. Meanwhile the community bears the brunt of his inexperience. Very high runs like that of the Grayey and Clark show bring in great money for old men, who love the service and prefer a run of that character to retirement at half pay.

Then there should be more clerks to each crew. No line should have on it less than two men. Contingencies and exigencies often arise when losing one connection the distribution of mail must be changed entirely. Postmen lists must then be taken advantage of and a mail which would otherwise go to regular R. P. V. must now be scattered to several towns or lines which forward mail by closed pouch over express trains. No one man can be familiar with more than three States, aggregating 7,600 post offices, so to take advantage of this list, which is constantly being changed in large numbers and vary in frequency so that on Monday, he, in an emergency would make one disposition of his mail, and Tuesday another, and this too dependent upon the hour of day, day of week and month, state of weather, and rate of speed.

It can be seen from the above that there must be enough men to take advantage of the magnificent service offered the people; also that the local service could be vastly improved by having more men on it and these men should be quick and active. The business interests suffer injury where clerks are too few in number to receive mail when delayed, or have no one work when they can do well. The right class of men to do this work right must be offered inducements.

The lines running by your own town: the Evansville and Hopkinsville on the O. V. and the Nashville and Sells Brothers.

St. Louis on the L. & N., there are not enough men on them to work the mail down fine and make proper disposition when running late. The N. and St. L. work five States: Kentucky, Tennessee, Indiana, Illinois and Missouri; and they separate (that is, start mail from stand points to be worked by other lines) Alabama, Georgia, Florida, North Carolina, South Carolina, Iowa and Michigan. To do this there are two men to a crew, with a helper between Evansville and Nashville. The Evansville and Hopkinsville work three; Indiana, Kentucky and I think Tennessee. One man to a crew. How can they do themselves justice!

The army and railroad mail service stand partially related, the one to the other. Privates and officers alike are placed on pension lists and retired lists. A private may be most notorious for disorderly conduct, yet when injured is entitled to a pension. Let a postal clerk be injured, however moral, and how is he treated? Let him fall sick, contract disease, and what becomes of him and family?

Now, a soldier, or a man, may get hurt while on a drunk and he receives free medical attention, drugs, clothing and quarters. Why? Because he is a soldier who occasionally perils his life in suppressing a riot and is a member of our great standing army.

What does he do generally? Zero. Others think for him. He supplies a gun and a bayonet, and a safeguard.

But the clerk has not exhaust his mind in thinking out the best disposition of mail and still work harder than the veriest private on fatigue duty. He combines the duties of General of Division and private in a hot campaing, yet, when unable to work aright must find other means of supporting those who are dear to him in the soldier's offspring.

He is a greater danger than a soldier. Is in danger often than a soldier. He risks his life every day, the soldier occasionally.

Then why this distinction? We work harder and our duties are more important. We are in greater danger and in danger all the time. We cannot even run, as the soldiers can. The important is stated, but the unimportant is unimportant. It comes unheeded.

Business men, you know, the importance of your correspondence to you and others. Will you allow it to be handled by incompetent tyros and over-worked men, or will you see to it that right men, and enough of them to do the work, are attracted, not driven by force of circumstances, into the service? You elect Congressmen, would it not be well to see to it that they look after your interests in this important matter?

Very respectfully,  
H. B. STRATES,  
Postal Clerk between Clarksville and Gracey.

## Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. C. Osocon,  
Lowell, Mass.

"Castoria is the best remedy for children which I have ever used. I have used it for a long time now, and will continue to do so. The real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loves ones, by forcing them to drink them, and other hurtful agents down their throats, thereby sending them to premature graves."

Dr. J. F. KINCHINER,  
Conway, Ark.

## Castoria.

"Castoria is specially adapted to children that I recommend it as superior to any prescription known to me."

H. A. ARCHER, M. D.,  
112 So. Oxford St., Brooklyn, N. Y.

"Our physicians have spoken highly of their experiment in the use of Castoria. We have found that, although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

How many young men and young women are cut off just as the future seems brightest and fullest of promise! They are taken away by the disease which causes over one-sixth of all the deaths in the world—the disease which doctors call consumption. There is absolutely no remedy in the world why consumption should be fatal—why it should be even serious. It is a disease of the blood, and can be cured absolutely and always by purifying and enriching the blood; the only exception to this is the case where the disease has been neglected and improperly treated—until the body has become so weak as to have lost the ability to recuperate. Dr. Pierce's Golden Medical Discovery will cure 98 per cent. of all cases of consumption if used according to directions. It also cures all lingering coughs, bronchial and throat affections.

Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1000 page COMMON SENSE MEDICAL ADVISER, illustrated.

It is said that when a woman buys a dress in Japan she tells the shopkeeper her age and whether she is married or single, there being special designs for all ages and also for married and single women. Either the Japanese women are ignorant of the practice in vogue among ladies in Christian lands of romancing in regard to their ages, or there is no reliance to be placed upon the costumes worn by the women of Japan so far as they denote the years of their wearers has passed upon this singular sphere. —Boston Transcript.

## SIX DOLLARS FOR A WIFE.

A Tennessee Man Wanted Ten But Reduced His Figure.

A Ruthless Little Story from Summerville, Chattooga County, Ga.—The Woman in the Case Had Found a Handsome Man.

A very romantic story comes from Summerville, Chattooga County, Ga.—The woman in the case had found a handsome man.

Their loving tendencies and conspicuous caresses attracted the attention of the steady-going citizens of that model mountain town.

They could be seen in the gloaming out strolling together and the precincts of Cleghorn spring were rendered still more picturesque by their presence.

Married folks took it for granted that they were enjoying the first fruits of love's young dream and simply passed by on the other side and made wry faces. The single folks blushed and giggled and possibly wondered if it were always thus.

The couple registered as Mr. and Mrs. C. E. Thurston, Knoxville, Tenn., and the people of Summerville naturally supposed that their conduct was but a fair sample of East Tennessee married life.

One afternoon a weary-looking individual slouched from a train from Chattanooga and walked hurriedly up to the hotel. He scanned the faces of those he passed very closely as if he were looking for one whom he expected to find.

From the few inquiries that he made people learned that he was in search of a wife and that he had not resorted to the usual method of putting a notice in the strayed or stolen column, but had started out on a personal search.

Mr. and Mrs. Thurston had been out for a customary stroll, and just as they rounded a corner they were confronted with the stranger in search of a wife.

He had found the wife, but unfortunately she was in the hands of her friend. Expectation was on tiptoe for a blood and thunder denouement, and from various colts of vantage in the shape of dry goods boxes and sycamore trees, behind which they had esconced themselves, the townspeople peered anxiously, awaiting for the signal for open hostilities.

But they waited in vain. Those ne'er-captured the fragments of a spirited conversation in which the husband reproached his recent spouse with her faithlessness in deserting his bed and board.

She retorted that he had not treated her as a lady and that she had found a handsomer man than he, which was, indeed, the truth when the two men were compared.

Mr. Thurston then began to parley with the ruffian husband and tried to effect a compromise. The husband demanded ten dollars damage, which he thought was too high, considering that he had already won the affections of the wife and was in position, which won nine points in the last. He paid the five dollars.

Then there was a lot of jowling and haggling until they finally compromised on six dollars, which the interloper paid the forward husband, and the latter took the next train for Chattanooga, probably proud of his bargain.

The couple also took their departure for green fields and pastures new, while some of the Summerville boys were indignant at the idea of those East Tennessee folks raising the price of a wife from a dollar and a half to six dollars, and only a second-hand wife at that. —Toledo Blade.

## Dr. Kollock in Nashville.

Regular Graduate and Regent of Physician. Formerly a student at the University of N. Y., after having taught Surgeon U. S. Army, and later taught British Marine Service, with two years' experience as physician at Hot Springs, Ark. Endorsed by the "Medical Society of America" as the "largest and most important work in the world." Being in twenty-five volumes, each the size of a newspaper, the entire work is a digest of the active principles of homoeopathy, a speciality of which he has made many cures given up by other physicians. Vendome Building.

When most needed it is not unusual for your family physician to be away from home. Such was the experience of Mr. J. Y. Sennett, editor of the Caddo, Ind. Telegraph, who was a little girl of seven years of age, was stricken with a severe attack of diphtheria. He says: "My wife insisted that I go for the doctor, but our family physician was out of town. I purchased a bottle of Chamberlain's Cough Remedy, which had been immediately. I will not be without it in the future." 26 and 30 cent bottles for sale by R. C. Hardwick, druggist.

Three white frosts will bring a storm every time.

## BALLARD'S SNOW LINIMENT.

In 1892 Mr. A. L. Goldwater, who owned three retail drug stores in New York City, having learned of the great value of Chamberlain's Pain Reliever to colds, cough and whooping cough, ordered a supply for his customers. It met with so much favor that he soon found it necessary to order more, and during the winter sold over two gross of the remedy. He says it gives the best satisfaction of any medicine he ever handled. For sale at 25 and 50 cents per bottle by R. C. Hardwick, druggist.

## WILL BE NO ADAM THERE

To Be Excluded from Dr. Walker's Garden of Eden.

The noted Dress Reformer to Found a Colony in Which Man Shall Have No Part—A Home for Bloomer Girls.

Dr. Mary Walker, who for forty years ago preached the gospel of dress reform to the women of this country, and who was arrested in many cities for dressing and appearing in public in male attire, is the apostle of a scheme for the bloomer girls, says the New York Herald.

Dr. Mary has bought a farm containing one hundred and thirty-five acres of land seven miles west of New York city, and proposes to form a colony in which man shall have no part. Only women who will bind themselves to a life of celibacy while members of the community and to wear bloomers for life are to be eligible. They will work the farm in all its details, plant and harvest the crops, dispose of them in market and take care of the stock.

"We will all live in a large, commodious farmhouse, for which we have plans prepared," Dr. Walker said. "Every member will have her own room. Porters will take the place of doors. Steam will be employed for heating purposes, and there will be bathtubs and every convenience to be found in a well-regulated and modern house.

"I shall give my personal supervision to the establishment. Members, however, will elect officers twice a year to conduct it. There will be an auditing board to look after all accounts, an improvement board to look after improvements to the property, and a governing board.

"In shall be the duty of the chairman of the latter to report all infractions of rules by members. There will be two judges chosen. One will have powers similar to a police magistrate; the other will have a position analogous to our general term. Those accused of infractions of the rules will be tried by a jury of five, and, if not satisfied with the judgments of the lower courts, they can appeal to me. I will sit as a court of last resort.

"The rules of evidence as governing our state judiciary will apply. There will no imprisonments; all punishments will consist of withdrawal of privileges for a certain length of time. If we should get into our fold undesirable women, who flirt or gad about with men when they go to market, or on other occasions, they will, after suitable warning, be expelled. All females of good character between the ages of fifteen and thirty-five are eligible for membership. I am certain that the farm can be made to support fifty or seventy-five persons.

"Each member will have a share in the profits after the expense for board and clothing has been deducted. The remainder will go into a general fund for betterments and the purchase of adjoining lands, if it is deemed necessary and the community grows as rapidly as I believe it will. I have not decided whether it would be wise to exact an initiation fee or not. If it is so decided it will be comparatively small.

"Any member will, after three years in the community, be eligible to retire, taking with her the amount of the individual fee, if she has changed, and one-half of her share of the earnings, the other eighth to go into the general fund.

"My great object is to educate and to turn out new women, as the newspaper men term them. They will be women who have governed themselves.

"I expect lots of politeness in the community, and the members will soon be able to hold their own. I warrant, with some of the so-called statesmen of the present day, the eighth to go into the general fund.

"Besides, it will not all be farm work. There will be many hours each day for study, and the curriculum will be as broad and extended as that in any of our universities. There will be frequent lectures in a large assembly room that I propose to have, and current literature, politics and questions of the day will be discussed. The members can ride bicycles, and a number will be kept for their use.

"There will be horses, but no saddle-saddles. My girls will ride astride as do the men and I predict that these years will see our institution.

"I will see the members the peer of any man physically or mentally. I will not make rules that will defy all the laws of nature and exact pledges binding for life. That of dress will be the only life pledge that will be asked.

"I expect that many of those who come to us will go forth from our tutelage to enter the homes of men to become wives and mothers. When such time comes they will know how to be both, and how to raise and educate families that will reflect credit upon the nation of new women."

## It's Blanket Weather.

The sharp air between night and morning tells you that a woolly, warm blanket wouldn't be amiss. We've a stock of large proportions in which there isn't a stitch amiss, and the price is just at that point where economy and quality meet.

Price 5c up.

And Comforts too.

### Underwear.

The woolly side in, or all wool—just as you want them. Honest, dependable shirts and drawers for men, women and children, with these woolly qualities woven into them that our great-grandmothers strove for when they spun, wove and made their own. All cotton if you would rather have them, and at any price you wish, beginning at 19c.

### Gloves.

If you fear temptation keep away from our glove counter. We have a dollar kid glove that would delight a populist. With some a dollar glove is just a pair of gloves to a man. With us it means the best glove on earth at the price. If you want them for your own use or to give a friend, you can buy here without misgiving. A reasonable guarantee goes with every pair of our dollar gloves.

### KNOWLEDGE

Bring comfort and improvement and tends to personal enjoyment when rightly used. The many who have tried this medicine have made much less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embodied in the new Syrup of Fig.

Its excellence is due to its presenting to the human system acceptability and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectively cleansing the system, and reducing constipation, and forming and permanently curing constipation. It has given satisfaction to millions and meets with the approval of the medical profession, because it acts on the kidneys, Liver and Bowels without doing any harm, and it is entirely free from every objectionable substance.

Syrup of Fig is safe by all definitions in 60c and \$1 bottles, but it is manufactured by the California Fig Syrup Co., only, whose name is printed on every box and label. It is the only Fig Syrup being well informed, you will not accept any substitute if offered.

Messrs. T. J. and S. D. Davis have opened a restaurant, with saloon attachment, at Crofton. The firm will be known as Davis Bros. The gentlemen were formerly in business at that place but sold out and came to this city. Last summer they sold out here and returned to Crofton.

Mr. R. P. Morris, of Salem, Ky., has leased the new hotel at Crofton and opened up for business. The building belongs to Mr. J. E. Crofton and is an elegant structure. Mr. Morris is an old hotel man and starts out with flattering prospects of success.

The card of the well known tobacco commission merchants, Gruher & Co., is now in circulation. We invite the attention of the farmers to same. The gentlemen composing this firm are both fully up to date in the tobacco business and are strictly reliable in every particular. Watch their sales hereafter.

In today's issue appears the card of Hanbury & Shryer, proprietors of the People's Tobacco Warehouse, in this city. The gentlemen composing this firm are well known to the farmers of this and adjoining counties, having been in the tobacco business here for several years and solicit a share of your patronage. Their sales will appear regularly hereafter and should be noted by all interested.

Mr. E. A. Stowe is entitled to wear the honors of the fine corn. Samples have been sent to all who have ever seen. One ear measures 14 inches in length, and another ear larger but not so long contained 1034 grains. Mr. Stowe says the corn taken at random from the crib shells out half a bushel to 24 ears. Who can best this?
